Field Trip Notice

Audubon Greenwich's Summer Nature Day Camp program: "Audubon Ecology Adventures" will be taking field trips to natural areas in Fairfield and Westchester Counties. All campers and Audubon staff will travel in a 12-person passenger van that is fully insured and has been inspected by the State of Connecticut. We hope these trips will enhance your child's awareness and knowledge of the natural areas in and around our community.

Please sign and return the permission slip to Elyssa Scheck along with camp paperwork. If you have any questions or concerns, please feel free to contact Elyssa at 203.869.5272 x346 or escheck@audubon.org.

*** Due to travel schedules involved with camp, picking-up campers early may be difficult. If you find that you need to pickup a camper before the regular time (3:30 pm), please contact in advance summer camp staff member James Flynn at 203-930-1354 or jflynn@audubon.org to discuss the possibilities of making these arrangements.**

Field Trip Permission Slip

I hereby give permission for my child or ward to be involved in all Audubon field trips related to the Summer Nature Day Camp program. I understand that transportation will be provided by Audubon to and from field trip sites. I understand that in the event of bad weather or other circumstances, the trip location may be changed and/or the trip could be canceled entirely. In the case of a cancelled trip, camp will be held at the Audubon Center in Greenwich.

I understand that I am giving permission for my child or ward to participate in outdoor nature activities that include, but are not limited to walking, hiking, wading or swimming, and exploring.

I understand that in the case of a medical emergency, this permission slip and additional medical authorization forms will allow attending medical personnel and first responders to administer medical care as deemed necessary, particularly if a guardian cannot be reached by phone.
